SURGERY INFORMATION

Patient: _____

Surgeon: _____

Procedure: _____

IMPORTANT DATES AND TIMES

Date of Surgery: _____ AM: _____ PM: _____

* Arrival Time: _____

Date of Post-Op Appointment: _____

***Please Note:** The surgery center will call 2-days prior to your surgery date to give exact arrival time.

IMPORTANT INFORMATION

Please refrain from using alcohol within 24-hours prior to your surgery.
Failure to follow arrival times and all provided instructions may result in a delay or cancellation of your surgery.

Pre-Surgery Checklist (30 days prior to surgery)

- A **History and Physical Exam** with your Primary Care or Internal Medicine Physician is not required. Your surgeon will obtain your health history and perform a brief examination at the surgery center on the day of surgery.

** If you take Aspirin products or prescription anti-coagulants, please discuss a hold and resume plan.

- Complete an online medical history assessment. This must be completed in addition to the history and physical exam. You will receive an invite via text or email from **One Medical Passport**. If you need help with this process, please use the help link on the left side of the screen or **call (763) 302-2250 for assistance**.

Pre-Surgery Checklist (7 days prior to surgery)

- You may drive home from the surgery center.
- If you develop a sore throat, fever, cold, or infection please call the surgery center immediately.

Pre-Surgery Checklist (24 hours prior to surgery)

- There are no food or drink restrictions prior to surgery.
- Take the first of two pre-operative showers using Hibiclens or other anti-bacterial soap. See separate postcard "Pre-operative Shower Guide" for further instructions.

Pre-Surgery Checklist (day of surgery)

- Take the second pre-operative shower using Hibiclens or other anti-bacterial soap, following the same instructions as the first. Afterward, dry with a clean towel and put on clean clothing. Avoid applying lotions, powders, fragrance and hair products.
- Please follow the plan for medication dosing as instructed by your Physician.
- Wear your hearing aids, if applicable.
- Bring your inhaler, if applicable.
- Wear large, loose fitting clothing that you can easily take off and put on before and after your surgery. You may need to cover large bandages, slings or a cast. Be sure your clothing will accommodate your surgical dressing.
- Bring your I.D. and Insurance Card(s). Please leave all other valuables at home (Jewelry, purses, etc..) Prepare to drop your prescriptions off at a pharmacy on the way home. Blaine Surgery Center does not have an on-site pharmacy. Regulations do not allow us to call in for fax prescriptions for controlled substances.
- Bring any durable medical equipment (crutches, boots, slings, etc.) that you may have received at your clinic appointment.
